Elective Course Request

Every 8th grade student will take Computers and Physical Education/Health, thus having room to take two additional electives. Please know that every effort will be made to ensure each student gets their top two choices, but it is not guaranteed based on enrollment and/or total requests.

Please rank your choices for electives from 1-5. Ranking a course “1” means this is your first choice and “5” is your last choice.

- ____ Art
- ____ Band
- ____ Chorus
- ____ Family and Consumer Science
- ____ Theatre Arts (Drama)
- ____ Spanish*

*Spanish is a full year course. If a student takes Spanish, they will not be eligible to sign up for any other electives.

By signing this form both the parent and the student have carefully reviewed each elective course and understand that **NO** changes can be made unless approved by the building principal.

Please return this form to Montross Middle School by Friday June 10, 2016.
